RE: Request for Comments
File No.: **A00924**
Applicant: Adam Mighton on behalf of Domenic Donato
Location: 53 48th Street North

Response

We have reviewed the proposal and have no objections to its approval, subject to the following comments.

Comments

Wasaga Distribution Inc (WDI) has received and reviewed the submitted plan proposal. This review, however, does not imply any approval of the project or plan.

If clearances to the existing overhead or underground distribution system cannot be maintained, or if any construction is in conflict with the WDI plant, it will have to be relocated by WDI **at the applicant's cost**.

We trust this information is adequate for your files.
